Soviet Consulate May Alter Stand Defying Court

Faint Hint That Soviet Consulate May Back Water In Defying Writ

CONSUL MAY PLAN ISSUE CONFERENCE

(BULLETIN)

NEW YORK, Aug. 12.—(INS)—Soviet Consul General Jacob Lomakin today floated a New York Supreme Court order to produce the Russian teacher Oksana Stepanovna Kosenko, now held incommunicado at the consulate.

The defiance of Lomakin became official when Justice Samuel Dickinson opened a hearing, and witnesses began to testify that the woman teacher was in terror of her life and regarded her native land as "a prison."

NEW YORK, Aug. 12.—(INS)—There was a faint hint today that the Soviet consulate in New York might back water on its defiance of a habeas corpus writ issued by New York supreme court.

The intimation was contained in a statement by Vice Consul Zoltchovskiy at the consulate, where Mrs. Oksana Stepanovna Kosenko has been held incommunicado since her "rescue" from a white Russian refuge in Rockland county, N. Y., last week.

Plans Conference
The vice consul said he was "fairly certain" that the consul general, Jacob Lomakin, "plans to have a conference today."

The conference, presumably, is to be among consular officials and indicated, at least, that Lomakin has not made up his mind whether

Says Soviet Sought To Lure Miss Bentley On Trip To Moscow

By RAYMOND WILCOVE
(N. Y. Staff Correspondent)

WASHINGTON, Aug. 12.—Rep. Mundt (R) S. D. declared today that Soviet authorities offered Elizabeth T. Bentley, wartime spy courier, a trip to Moscow when they became suspicious of her loyalty.

Mundt said that Soviet agents held out as a lure the promise of a formal reception at which she would receive a Russian award, possibly from Premier Stalin himself, for her services to the USSR.

The congressman added that the agents also suggested that she attend an espionage school in Moscow.

Suspicion Increased
Mundt said Miss Bentley declined the overseas jaunt and this apparently increased their suspicion of the middle-aged woman who confessed to the FBI and the house un-American activities committee that she worked for a communist spy ring.

Mundt does not know whether the Soviet agents were attempting to induce her to go to Moscow in

Tobin To Accept Post In Cabinet

BOSTON, Aug. 12.—(INS)—Maurice J. Tobin was preparing today for a return flight tomorrow to Washington to be sworn in as one of the youngest cabinet members in the United States' history.

The former Massachusetts governor accepted a recess appointment by President Truman as secretary of labor and withdrew from the Democratic primary for the Massachusetts gubernatorial nomination, leaving the field to former Attorney General Paul A. Dever.

Tobin's decision to accept the cabinet post indicated he had bowed to the combined urgings of at least two Democratic leaders—President Truman and U. S. Sen. J. Howard McGrath, Democratic National Committee chairman.

Apparently the weather man is not a Republican. Or at least he wasn't Wednesday night.

The Republican County Committee held a dinner rally in the Rod and Gun Club on the Wampum-Ellwood City road and for sound effects the rainmaker presented a downpour that sounded like drumfire on the roof.

Despite the inclement weather, there was about 250 present to enjoy the tasty fish dinner that had been prepared. The servings were bounteous and the quality excellent.

Judge Lamoree Speaker
Captain Roger W. Rowland, county chairman was in charge of the rally and introduced Judge John G. Lamoree as the principal speaker.

Judge Lamoree said he believed the county was ready for a change in the national administration. He lauded the choice of candidates for president and vice-president, Thomas E. Dewey and Earl R. Warren and prophesied that the next administration in Washington will be Republican.

Considerable time was spent in a discussion of registration. It was agreed that an extra effort would be made on the special days designated for registration, to get out voters not yet registered.

It was announced that sometime during the campaign, possibly in October, a nationally known speaker will be here to address a mass meeting of voters.

Amphibious Jeep
Trip Around World
Has Been Started

NEW YORK, Aug. 12.—(INS)—An adventurous Australian major and his American wife are headed for the Azores today aboard an amphibious jeep on the first leg of a round the world trip.

The couple, Maj. Benjamin Carlin, of Perth, Australia, and his wife Eleanor, of Boston, were sighted by a navy squadron 130 miles off Atlantic City.

New York public relations man Ware Lynch said the pair intend to travel around the world in their versatile vehicle, using it on both land and sea.

Maj. Carlin yesterday told the destroyer squadron that sighted and hailed his strange craft that he and his wife had ample fuel and provisions "aboard," and were on their way to the Azores.

He asked that Lynch be telephoned in New York and told that all was well.

School Merger At New Wilmington Tabled By Boards

Pupils Of Angel Grade
School Transferred To
New Wilmington
Building

(Special To The News)

NEW WILMINGTON, Aug. 12.—Proposal to form a joint school district of the New Wilmington and Wilmington township schools was tabled Wednesday at a joint meeting of the two school district boards in the New Wilmington school building.

The members of the boards discussed the financial aspects of the merger including the tuition costs involved if such a union of the two districts were effected. Under the legislative act of 1947 in reference to tuition, the school district is now reimbursed \$1950 per teacher. If the merger takes place, the provision of the 1931 act of the legislature where the school is paid per pupil attendance. Loss of revenue would result under the latter plan.

Class Angel School
The Wilmington board decided at the meeting to close the Angel school and keep the Ligo school open. The grade pupils from the Angel school, numbering 25, would be transferred to the New Wilmington building. Tuition costs in this move were not discussed.

Volcanic Wilmington township in Mercer county, Wilmington township in Lawrence county, Lackawanna township in Mercer county, Pulaski and Washington township school boards have been sending pupils to New Wilmington at a tuition cost of \$10 per pupil.

John C. Syling, county superintendent of schools, sat in on the meeting, offering advice and assistance.

Revolt Flaring In Communist Zone In Berlin?

By OMER ANDERSON
(N. Y. Staff Correspondent)

BERLIN, Aug. 12.—The Russians admitted today that food distribution in their Berlin sector has bogged down and that open political revolt against communist domination is flaring in the Soviet occupation zone.

Le. Col. Neznamyev, deputy Soviet commander in Berlin, accused German officials of "negligence and sabotage" in food distribution and said some of them will be charged before military tribunals.

The admission of political revolt in the Soviet sector was disclosed in Berlin newspapers licensed by the Russians.

Mass arrests still are going on in a purge of Christian Democratic and Liberal party members by the rival communist Socialist Unity party.

Lawrence county's first Catholic Day, marred by incessant rain on Wednesday, nevertheless drew a crowd of 15,000 Catholics at Cascade park.

Registrations as usual started under the park shelter at 9:30 o'clock, and many from a distance in the county attended with their families. A few picnickers braved the weather and enjoyed a basket picnic in the grove.

Kiddies Enjoy Day
Regardless of the weather, the kiddies still enjoyed a "free" day. There were hot dogs and bottles of pop galore and heaps of ice cream. What's more all the rides and concessions were free, and all throughout the afternoon, long lines indicated the patience youngsters have, when they decide to have fun. Special guests attending were the children of the Margaret Henry Home. No picnic would be complete without a few lost kiddies, and during the day there were a few of these too. A Red

Charles C. Rogers, aged 80 years, of 1714 West Seventh street, Ashtabula, O., died in the Jameson Memorial hospital at 9:22 p. m., Wednesday, as the result of injuries received shortly before six o'clock when struck by an auto driven by Mrs. Dorothy Hayward, of Lawview avenue, Highland Heights, at the corner of Highland and Edgewood avenues.

Mr. Rogers was en route to visit Mrs. Anna Cooper, of 305 1/2 Edgewood avenue, a friend of the family, and had just gotten off a Highland avenue bus.

Started Across Street
Mrs. Hayward, wife of the U. S. Marine Corps Recruiting officer here, was en route to the post office to pick up her husband. She stated that she was proceeding south on Highland avenue, at a speed of around 20 miles per hour, when Mr. Rogers, who had just gotten off a bus started across the street. Mrs. Hayward stated that she thought Mr. Rogers was the approaching car and would stop, but when he continued on across the street, she applied the brakes, and had almost come to a stop when he was struck.

Examination at the Jameson Memorial hospital revealed he had suffered a compound fracture of the right ankle, and a bruise of

U.N. Council Prepares To Adjourn, August 21

By PIERRE J. NUSS
(N. Y. Staff Correspondent)

LAKE SUCCESS, N. Y., Aug. 12.—The security council of the United Nations meets in closed session today to consider its annual report to the general assembly in expectation of adjournment Aug. 21.

In sharp contrast to the report prepared for the 50-nation body by Secretary General Trygve Lie—in which he advocates speedy settlement of the German peace treaty and forebodes its inclusion on the 1949 working program at Lake Success—the security council report is expected to be largely a routine account of 1948 sessions.

With effective action by the council stymied on major world issues through lack of enforcement "teeth" and the bitter conflict between the Soviet bloc and western powers, there is little the delegates can offer either as recommendation or suggestion after the heavy load of work on record.

The two bright spots in the annual accounting to the assembly will be the Palestine issue and the suspension of hostilities achieved by the security council between the Netherlands and the Indonesian republic.

Although the truce in both areas at present is shaky and could explode at any moment, the council nevertheless lays claim to a major accomplishment in both instances.

A "black eye" which the council can hardly disguise in its report is the political warfare between Russia and the west which has blocked the entry into U. N. of at least a dozen candidates.

ENTRIES IN SHOW

Plans are near completion for the horse show to be sponsored by the Ellwood City Kiwanis club at Harold Marshall's Pleasant Valley Farm on Route 18 south of Wampum on Friday evening, August 13, at 8 o'clock and Saturday afternoon at 2 o'clock and Saturday evening at 8 o'clock.

Entries in the show total more than 125 in 37 classes and prizes and trophies to be awarded total \$2,500.00, making this one of the largest horse shows ever given at Pleasant Valley Farm.

Judges, Named
Judges are Richard Lavery, of Strongsville, O., and G. H. Chubb, of Sewickley. Edward Jenkins will be the announcer.

Proceeds of the show are earmarked toward the cost of air conditioning units already installed in the Mary Evans maternity hospital with the balance to be used for the work of the Kiwanis underprivileged child committee.

Indications are that there will be a large attendance from communities of this vicinity as well as from more distant points at all performances of the show, as shows at Pleasant Valley Farm attract the attention of horsemen from throughout the mid-western section of the state.

Arthur Hazen is general chairman of the event for the sponsoring club.

Perjury Action Strongly Hinted In Spy Probes

Hostile Witness Is Bluntly
Accused Of Perjury Him-
self At Hearing

JUSTICE DEPARTMENT
IS INVESTIGATING

By RAYMOND WILCOVE
(N. Y. Staff Correspondent)

WASHINGTON, Aug. 12.—Perjury action was strongly hinted today in the Communist spy investigation and a hostile witness was bluntly accused of perjuring himself.

Rep. Nixon (R) Calif., a member of the House Un-American activities committee, made the perjury accusation against Charles Kramer, ex-government employee previously named as a spy ring member.

This development came shortly after Committee Chairman Thomas (R) N. J., announced that the justice department is considering perjury action against certain witnesses.

Study Perjury Angle
Thomas said the "perjury angle" is being studied by U. S. District Attorney George Morris Fay, who has obtained a complete transcript of the spy hearing testimony.

Kramer took the stand after Thomas announced that Mikhail Samarin and his wife, fugitive Russian school teachers, will be prosecuted at a closed hearing in Washington "probably this week."

Earlier, a three-man subcommittee had planned to question the Samarins in New York.

Nixon made his accusation against Kramer when the witness said that the American Economic Association and the Boy Scouts of America were the only organizations he belonged to "to the best of my recollection."

Kramer previously had refused

Western Envoys And Molotov In Crucial Parley

LONDON, Aug. 12.—(INS)—Western envoys meet with Soviet Foreign Minister Molotov tonight for what is viewed as the most crucial interview to date in east-west negotiations on Berlin.

Sources close to the British foreign office regard the new meeting as the most important so far in the preliminary talks to find a basis for top-level discussion of the entire German situation.

Opinion in diplomatic circles is that the initial conversations have reached the point where one side and possibly both, must modify bargaining conditions.

Guesses are that there is no compromising whatsoever as impossible deadlock will be reached. The Soviet economic blockade of Berlin is understood to remain the big obstacle to four-power talks. The Russians are believed standing pat on making postponement of a west German government a condition for lifting the blockade.

Babe Ruth Still Critically Ill

New York Memorial Hospital
Authorities Report
Gain In Condition
Today

NEW YORK, Aug. 12.—(INS)—Babe Ruth still is critically ill today but New York Memorial hospital authorities reported a gain in the famous ball player's condition.

Scores of youngsters who never saw the bantam hit a home run kept a constant vigil on the hospital steps anxiously asking about their idol.

The hospital itself has been deluged with telephone calls and telegrams from all over the nation inquiring about him.

The Babe has never been the same since he underwent a delicate neck operation early in 1947. He remained in the hospital 82 days. Then last January 10 he again entered a hospital for three more neck operations.

MAN INJURED
Robert Coulter, aged 32 years, of 1009 Croton avenue, suffered a laceration of the scalp late Wednesday morning when a barrel fell off a pile striking him on the head at the plant of the City Cooperative company on Sampson street. He was treated at the Jameson Memorial hospital.

Arthur Monester
Shoes and stockings or weather shows, nothing is new from him. Whenever he's asked and can't be found, he says there's something doing. Your shoes are missing or one at least, your sweater, turns up with a hole, and all because of that frisky pup, destruction it seems in his goal. But it won't be long till he's over that, his puppy teeth are all gone, and in their place is a brand new set. For the time being, he's a little bit of a trouble maker, but he's a good one. I think, at least if they're not angry, and the gnawing of teeth will be in the past—his eighth-birthday today.

SOVIET CONSULATE MAY ALTER STAND DEFYING COURT

to obey the court order to produce Mrs. Kosenkina, or to continue to defy it.

Lemak himself told newsmen at the consulate that he was "too busy" to talk to them.

This development came as the house un-American activities committee changed its plans to question other teachers, Mikhail Samarin and his wife, Claudia, somewhere in New York today.

It was announced they will be questioned in Washington later this week.

Served with a writ of habeas corpus to produce the woman he "rescued" last Saturday, Lemakin chose to ignore the summons.

A consular spokesman said: "So far as the consul is concerned, the writ was never served."

U. S. Consul Obidiansky, Supreme Court Justice Samuel Dickstein who issued the writ, replied:

"I will compel him to obey."

Thus the consul was one step nearer leading another of the trio of school teachers who fled the country rather than sail for Russia, Judge Dickstein is determined

that the consul will lose the third teacher.

If he doesn't comply, Justice Dickstein said he would ask the sheriff to seize the school teacher who is now hidden in the consulate, adding:

"She has as much right to the protection of the law as he has to his immunity."

"Was Kidnaped"

"She is a Russian subject in his custody whom I understand he has kidnaped to take her back to Russia, where she claims she will be killed."

"For the good of himself and his government, he had better produce her. A writ must be obeyed."

"Whatever objection he has, let him state it in court. I am not going to let him ignore the law."

Previously, the state department had ruled that Lemak could be served with legal papers outside his consulate. The writ was served on the steps of the consulate building as Lemak stepped out of a black limousine.

Miss Graham, who was divorced from her husband, leaves four children, Charles J. Graham of Kansas City, Mo., and Thomas W. Opal Grace and Donald Eugene at home. She is also survived by her mother, Mrs. Plummer Graham.

Funeral arrangements are incomplete and will be announced later. The body is at the Patton funeral home in Ellwood City.

Mrs. Stanley Dugan of 5 East Laurel avenue, who was attending the National Invertebrate convention at Utica, N. Y., as a delegate, has been called home, on account of the death of her cousin, Mrs. Raymond Hammond, of Blaine street.

Rain Causes Cancellations

Cancellations for most of the evening activities were forced due to the heavy evening rain, including the concert by the Red Coat band, the speaker's program at the band stand, and the fireworks finale.

Rev. Fr. Patrick Rice, of St. Elizabeth's church, Wilkoc, (near Pittsburgh), and Daniel Hamill, past president of the Holy Name diocesan society, were to have given addresses. However, they were honored at a dinner event held at 8 o'clock at the New Penn hotel.

There was a brief period of dancing at Rainbow Terrace later in the evening, with music being provided by a local popular orchestra.

General chairman of this first Catholic Day was Cletus Martin. James T. Carey was secretary and Francis J. Augustine, treasurer. A group of committees aided in the arrangements of the event, and due credit must be given them for their efforts in arranging the activities and entire program.

order to "liquidate" her or whether they were attempting to test her loyalty for the communist cause.

He indicated that their suspicions were aroused after the death of Miss Bentley's friend, Jacob Golos, in 1943. Miss Bentley testified that it was her love for Golos that led her to join the spy ring. She told her story to the FBI in Aug. 1945 while still in the ring.

There also were these other developments in the spy case:

Soviet Consul General Jacob Lemakins in New York said he will ignore Justice Samuel Dickstein's order to produce Miss Oksana Stephanova Kosenkina in New York supreme court today. Dickstein said he will, if necessary, order the sheriff to seize the Soviet teacher secluded in the consulate since her "rescue" from white Russians.

A house un-American activities subcommittee was directed to go to New York today to hear behind closed doors the testimony of Mikhail Camarin and his wife, two other Russian teachers who have sought refuge in this country.

Another subcommittee headed by McDowell was instructed to contact Ignor, Goussenko, Russian cipher clerk whose revelations led to the smashing of a Soviet spy ring in Canada, to ask him to testify before the committee.

to state whether he is or was a Communist.

Nixon cited this refusal, and gave Kramer an opportunity to change his statement that the economic groups were the only organizations of which he was a member.

When Kramer refused to alter his statement, Nixon asserted:

"In my opinion, you've committed perjury."

Thomas asked Kramer if he cared to defend himself against the charges made by Elizabeth Bentley and Whitaker Chambers.

The witness replied: "Yes, in a proper forum."

Refuses To Answer

Kramer refused to admit that he could identify Miss Bentley when she was asked to stand.

Asked by Nixon whether he ever had given secret or confidential information or documents to "unauthorized people," Kramer refused to answer.

Kramer declared he did not know the exact nature of the charges against him.

Chief investigator Robert Stripling explained that Kramer had been named by Miss Bentley as a member of a Soviet spy group headed by Victor Perlo, and that Chambers testified Kramer was a member of the Communist group in the government.

The witness declined comment on the charges.

CASSELLA-BARBER WEDDING IS TODAY

One of the most impressive of summer weddings was performed this morning in St. Vitus church, uniting in marriage, Miss Carmelita E. Cassella, daughter of Mrs. Laurina D. Cassella, of 705 Neal street, and James H. Barber, Jr., son of Mrs. Joseph Clark, of 208 Boyles avenue.

In the presence of a large gathering, vows were exchanged by the young couple at 9 o'clock. Rev. Fr. Nicholas DeMitta officiated before an embanked altar of white flowers, palms, and ferns. He used the double ring ceremony. Mrs. Frances Colao was at the organ.

For her wedding, the bride was lovely in a gown of blush pink. The bodice was of dutchess bridal satin with high neckline and yoke of fine nylon, buttoned bodice in back and cap sleeves. The bodice was hand worked with imported Italian lace medallions, studded with Rosa Montes rhinestones, and the medallions outlined the neckline, shoulders and waistline. The full skirt over satin, was made of three skirts of French netting, through which the rhinestone medallions were shown, and ended in a long train of five yards of triple netting. Her veil of blush pink was made of imported French tulle, hand rolled, caught with a ruching, attached to a halo of wired Rosa Montes rhinestones. The bride carried a shower garland of orchids. The bride's ensemble was designed by her mother, Mrs. Laurina D. Cassella.

Mrs. Teresa A. Neve, as her sister's matron of honor, wore an ice blue gown, identical to the bride's. She wore orchids in her hair, and also carried an orchid garland.

Bridesmaids, Miss Peggy Clark, and Shirley Ann Falconi, the latter of Youngstown, O., wore gowns of mauve slipper satin, off-shoulder neckline, basque waistline, and bouffant skirt. They carried bouquets of gladioli to match their gowns.

Chester J. Neve, brother-in-law of the bride was the best man. Ushers were: Robert R. Cassella and Alfred Serafino.

Immediately following the ceremony, a congratulatory period was held in the church vestibule. The wedding breakfast and luncheon was served at the home of the aunt and uncle of the bride, Mr. and Mrs. N. R. Casalandra, of Fairmont avenue. The wedding dinner was served at the New Penn hotel, and this evening, there will be a reception at the Castleton hotel, for approximately 700 guests, from 7:30 to 10:30 o'clock.

Mr. and Mrs. Barber will depart later on a wedding trip to New York City. Upon their return they will reside on Neal street, until the completion of their new home. Both are graduates of the New Castle High school, and Mrs. Barber is affiliated with her mother at the Maranoff department store. Mr. Barber is employed at the Shenango Pottery company.

TWO SHOWERS GIVEN; WEDDING PLANS TOLD

Miss Agnes Johnston entertained a group of guests in the home of her aunt, Mrs. Victor McGee, East Brook, on a recent evening in honor of Mrs. Margaret Louise McCracken, bride-elect of August 14. Early part of the evening was spent with games and contests as diversion and prizes awarded to various winners.

For refreshments guests were seated at a prettily appointed table centered with a large cake above which was suspended a bright colored sprinkling can filled with flowers from which streamers of pink and white led to each place.

Assisting the hostess in serving were Mrs. Gladys McConnell, Miss Glenna McCracken and Mrs. Victor McKee.

The honoree received many lovely gifts to be used in her future home.

On Monday evening a group of friends and associates of the prospective bride assembled at her home for a miscellaneous shower in her honor given by Miss Ruth Post with Miss Glenna McCracken as co-hostess.

Pink and green was the color scheme carried out in the decorations on the table where a lunch was served with Mrs. J. H. Vogan, Miss Jessie Joan McCracken, and Mrs. William Crowe as aides.

During the evening Miss Jane Hunt, who will attend the bride-elect as flower girl at the wedding, entered the living room with an array of gifts for the honoree piled in a red toy wagon.

At this time Miss McCracken revealed plans for her wedding on August 14 when she will become the bride of Paul V. McKinley. Open church will be observed for the ceremony to take place in the Madison Avenue Christian church, Mahoningtown, at 7:30 o'clock in the evening.

Miss Glenna Mae McCracken will be her sister's maid of honor and the Misses Mary Elizabeth Doloughan and Nancy McKinley, sister of the groom, will be bridesmaids. Charles Hunt is to serve as ring bearer.

Mr. McKinley has asked Michael Hunt to serve as best man and Donald Randall and Lloyd Weir to act as ushers.

The prospective bride is a daughter of Mr. and Mrs. Leslie McCracken, of R. D. 4 and her fiancé is a son of Mr. and Mrs. William McKinley, of R. D. 7.

Around Hollywood

By ETHEL BRIDMAN

Hollywood News Service Staff Correspondent

HOLLYWOOD, Aug. 12.—(INS)—The recent death of David Wark Griffith, film pioneer, must have awakened a feeling of shame in Hollywood for the way the movie capital has overlooked and forgotten those who paved the way.

At any rate, when the Hollywood Guild and Canteen held its annual garden party at Pickfair Monday the honor guests were film pioneers—those still living.

The group included Clara Kimball Young, Rex Ingram, Mae Marsh and Alice Terry.

STARS CAN FORGET

People talk about how the public forgets, but did anyone ever record how the stars forget?

No one is so polite and enthusiastic as a beginner on the way up—unless it's one who got there and is on the way down. While on the top, the stars often forget.

Cary Grant, for example, who once was an acrobat in Europe, is a top Hollywood star today—and is often completely indifferent to the public that made him one.

Joan Bennett is another who sometimes declines to cooperate with the fan's best medium—the press.

Lawrence Caravan Plans For Picnic

Basket Picnic For Members and Families Will Take Place At Cascade Park

Lawrence Caravan of Syria Shrine, A.A.O.N.M.S., is making preparation for the annual picnic for the members, their families, and guests, which will take place at Cascade Park Thursday, August 19.

There will be a basket picnic in the grove at 6:30 o'clock, with a program of sports and entertainment for all ages.

President Paxton R. Pike has named the following committees who will have charge of the arrangements for the day:

Entertainment of children, guests and members—Leon A. Drumm, Walter G. Dietterle, and Joe McGaffie. Sports and prizes—Orville Potter, Ivor V. Davis, Louis R. Berkheimer, and Cecil Potter.

Arrange Plans For Reunion Of Martin Gantzlers

All Martin Gantzlers who intend to come to the annual reunion at the Cathedral, on August 19, can obtain tickets at the Terminal Pharmacy, Butts Brothers, Florists, Magill Brothers Grocery, or from the secretary, Kathryn Kilbreath at the office, 21 South Beaver street.

A big crowd is expected, but, "there is always room for one more". There are many in the company who have never missed a meeting. They will be present again, this year. How pleasant it would be to welcome some "first timers". It would be a fine gesture on the part of some who have attended reunions in former years, to come to this one with one or two of their "buddies," who have never attended. Husbands and wives of former pupils of Martin Gantz School are also eligible for membership in the Alumni Association.

The secretary requests the relatives of members who have passed away during the past year, to contact her, as she wishes to make a complete list of names for the Memorial exercise.

Missionary Drama Will Be Presented

Delegates To New Wilmington Conference Have Special Program Tonight

(Special To The News)
NEW WILMINGTON, Aug. 12.—A three-act drama, "Straight Furrow," depicting the struggles of Chinese Christians, will be presented in the United Presbyterian Missionary tent Thursday evening under the direction of Rev. Herman King of Buffalo, N. Y., assisted by Mrs. Jean Campbell Browne of China.

The conference, attended by 600 delegates, has been in session here since last Friday and ends Saturday.

Two teas were held Wednesday afternoon. Rev. and Mrs. R. P. McDonald were hosts to missionaries and their families at the United Presbyterian church manse. Dr. and Mrs. W. J. Harper McKnight entertained the mission study teachers at their home. Dr. McKnight is the Westminster College pastor.

An interesting sidelight on the way present-day missionaries travel was reported today by Dr. Paul Harrison, internationally known missionary and physician. Located in Arabia, he states that the trip home was made in three days by air at a cost of \$270. He selected this way over a trip by freighter which would have cost \$530 and taken several weeks.

Four Egyptian ministers who have been attending the conference left yesterday for New York City from where they plan to fly to Amsterdam, Holland.

Police Official Will Take Stand

PITTSBURGH, Aug. 12.—(INS)—Police Lieutenant Lawrence J. Maloney, head of Pittsburgh's racket squad, was expected to take the witness stand again today before the grand jury investigating rackets in Pittsburgh.

Maloney walked into the courtroom yesterday, carrying the records of more than 2,500 arrests he and his six-man squad have made since they were formed in August, 1947.

Meanwhile other witnesses were being subpoenaed to appear before the jury as the probe into charges that rackets in Pittsburgh are run with full police and political protection widens.

Nineteen Injured As Trains Collide

LINCOLN, Ill., Aug. 12.—(INS)—Illinois Terminal Railroad officials ordered an investigation today into the head-on collision of a passenger and a freight train north of Lincoln in which 19 persons were injured.

Four of the injured were reported in serious conditions. Sixteen persons were hospitalized. Authorities said the accident was believed to have been caused by a confusion of orders on the single track railroad which is electrified.

the newspaper work at the top. She became at once editor of the old Washington Herald without a single day's previous experience, but with a rich family heritage in newspaper work. She leased from William Randolph Hearst both the Herald and the evening Washington paper, the Times, with an option to buy two years later. She bought both and consolidated them into one—the Times-Herald, Washington's first round-the-clock newspaper. She always made money out of this newspaper property, generally estimated at a million dollars a year.

Lambasted New Deal
She enjoyed lambasting the New Deal at every opportunity, although at the time F. D. R. was elected in 1933 she was a great friend of his. But his political economy did not satisfy her, displeased her, in fact, and by the time he had accomplished his decree outlawing gold money and gold contracts and had attempted to pack the Supreme Court of the United States, she violently opposed F. D. R. and all his works.

Her married life was not very happy. She went to Vienna in 1902 with her uncle, Robert S. McCormick, then United States Ambassador to Austria-Hungary. She met Count Josef Cizeky and despite the efforts of her family to shake off the Count, he and "Clay" were married April 4, 1904. They went to live in his castle in the Russian Ukraine where a daughter was born in 1907. Within a year "Clay" gathered up her infant daughter and fled to England. The Count followed her and touched off an international situation by abducting the child and taking her back to the Ukraine. Then the Patterson and McCormick influence in government affairs was brought to bear and at the instance of the White House the Count ordered the Count to restore the child to her mother. "Clay" and the child returned to this country in 1909 but it was not until 1917 that she obtained a divorce in Chicago, after reportedly settling a half-million dollars on her Count. She was finally married again to Elmer Schlesinger, a lawyer, who became counsel for the United States Shipping Board. He died four years later and soon afterwards Mrs. Schlesinger had her name legally restored to Eleanor Patterson, but with the prefix "Mrs." During her second marriage she wrote two novels, more or less read. Eleanor Patterson herself died suddenly while looking over her paper in bed, being found in the afternoon of her death by a maid. She no doubt was a very lonely woman and a very unhappy one.

The nickname "Clay" was not coined by her employers; that was the name by which Washington knew her. Her employees always referred to her as "The Lady" and she did not give a continental who she hit. Very likely Washington will never see her like again.

It is understood that the ownership of her Washington newspaper is to be divided between the editors and the heads of the different departments. Washington will miss her and the Times-Herald will miss her. It will be hard to replace her.

of are "Fascist." Those who agree with him are "Democrats"—Moscow version.

Former U. S. Secretary of State James F. Byrnes, who spent months talking and battling with Molotov, has great respect for the Russian's abilities.

But Byrnes, in his recent book "speaking frankly," also credits the Soviet foreign minister with what he terms "a major diplomatic blunder."

Diplomatic Blunder
This occurred during the brief "honeymoon" of the Stalin-Hitler friendship agreement in 1939 paving the way to the Russian-German partition of Poland.

Hitler was so infuriated that Byrnes is convinced that the Fuehrer at that moment made up his mind he would attack Russia. At least Soviet-German relations, despite Russian eagerness to mend them, cooled at that point.

RAISING A DUST
The feather duster seems to have gone out of style. All it did was to change the dust from one place to another.

Nowadays Mom uses a damp rag or an oil duster.
Susie gets a course in the gym but dusting and other kinds of housework are pretty good for exercise.

Reaching and stooping and polishing and sweeping and rubbing makes use of a lot of muscles and joints.

A good housekeeper keeps herself and her house in good shape. She rubs wax on the floor and powder on her nose.

Cook cauliflower quickly in boiling salted water. If the flower clusters are separated, 10 to 15 minutes should be enough. If the head is left whole, allow from 25 to 30 minutes.

JOBS UPON A TIME

Conrad Nagel, screen, stage and radio star, decided he wanted to be an actor, although his parents planned a musical career for him. Conrad was born in Keokuk, Ia., majored in public speaking at the University of Iowa and became a member of a Des Moines stock company. Nagel served in the United States navy during World War I, and made his first film in 1919, becoming one of Hollywood's favorite stars. He made the transition from silent films to talkies successfully. In 1933 he returned

to the stage, alternating with screen roles. For the last dozen years he has also directed and narrated radio dramatic programs.

As an apprentice acrobat in a circus, Hollywood actor Burt Lancaster jumped from small town to small town, earning board, room and three dollars a week. Burt is a native New Yorker, and after his circus experience toured in vaudeville. During World War II Burt was in army special service in Italy and North Africa. He has been on the screen since 1946.

Senator Taft Predicts Inflation Problems To Fade Before January

By FRANK E. ALLEN

WASHINGTON, Aug. 12.—Senator GOP Policy Chairman Taft (R) Ohio declared that the present economic situation, while serious, is not likely to produce an "extreme" inflation or depression.

Taft told a news conference that the present inflation comes from many causes and blamed both Congress and President Truman for some of them.

He predicted that inflation problems will fade before Congress returns next January and that the legislators will not have to deal with the subject.

Production Not Great Enough
Taft pointed out that "the simple fact is the production of the country just is not great enough to do all the things we are trying to do," and added:

"I never have said the President is entirely to blame because Congress has gone along on some of these things."

In a statement he issued to newsmen, Taft said:
"The President can check these causes (for inflation) by reducing government spending in many fields within his control, by tightening up on credit for higher priced homes and by limiting ex-

ports from the United States," Taft said.

"There are many reasons to believe that we are reaching a stabilized price level."

Taft added:
"The furniture and shoe industries are half closed down now."

"Prices have just about caught up with purchasing power."

Further, Taft declared, the administration has "all the traditional power" for curbing inflation.

At the same time, the Senate GOP chief predicted that the new senate will open with a filibuster over GAG rule changes.

However, Taft indicated that the GOP proposals may be moderate—perhaps leaving the two thirds requirement for a GAG rule vote intact.

Taft ruled out the probability of

a special session after the November election "unless we have some international crisis." He pointed out:

Lame-Duck President?
"We may have a lame-duck president. Certainly we will have a lame-duck congress."

Taft issued a 2,500 word report of his personal views on President Truman's special session and the remaining problems.

He declared that the administration's powers to stop inflation are adequate, and that the added credit control powers "must be carefully used not to go too far." He accused the administration of being more concerned about deflation than about inflated prices.

Taft pointed to agricultural policies of the administration, and said:

"The truth is that the moment any agricultural price even threatens to decrease, the government rushes to bolster it up by purchases and propaganda."

August 21

Teachers, scholars, and community friends will hold their 12th annual picnic reunion of the London school in Springfield township, Mercer county, on Saturday, August 21, at the Grange hall.

The reunion is being held on the centennial of the naming of the village of London, and the establishment of the first post office there, by the late David Gibson.

Exercises will open with the Memory Hour at 10:30 a.m. in the school house. A picnic dinner will be served at 12:30 o'clock in the Grange hall.

Serving on the dinner committee are Mesdames Grace Nelson Dight, Orren Ryhal, Margaret

Dunkley, Erma Nelson Ramsey, and Grace Nelson Weber. The dinner will be in the form of a basket picnic, and coffee and ice cream will be furnished.

Mrs. Maizie Montgomery will read a paper on the history of the early settlers and people of the community. Major Herman Rodgers, 1924-1936, will give the address of the day.

Heavy Home Paper Drive Plans Made

Plans are being made by the Auxiliary to the Eagles for a second paper drive to be conducted in the city for the renovation and repair fund of the Margaret L. Henry Children's Home on Friendship street. Last year, a most successful drive was conducted and the funds realized have already been used for repair work at the institution.

The Ladies of the Eagles plan to conduct the drive in October with a definite date to be named. During the drive, the need for 100 men and boys will exist to assist in the program which will again bring funds so that a new stove may be purchased to replace the 20-year-old stove now being used at the home.

The drive will be city wide in scope and all materials such as paper, magazines and cardboard will be acceptable. The bundles

Ladies Of Salvation Army To Make Yearly Sight-Seeing Tour

Approximately twenty members of the Ladies Home league of the Salvation Army embarked for a day of sight-seeing and fun in Youngstown, and surrounding territory today.

One of the features of their day of touring which had to be omitted from the program was that of visiting Salvation Army buildings in Youngstown. They were destroyed by fire, and are now in the process of rebuilding, so that visiting them would be impossible.

Governor Dewey Ends His Vacation

Heads Back To Albany For Series Of Political Conferences Today

PAWLING, N. Y., Aug. 12.—Gov. Thomas E. Dewey ended his vacation Wednesday and headed back to Albany for a series of political conferences that will activate his campaign for the White House.

The GOP presidential candidate first met with Hugh Scott, Jr., chairman of the Republican National Federation, to discuss campaign issues with his New York state managers, and put the finishing touch to three major campaign speeches.

Dewey remained silent on the outcome of the special session of Congress, but the Republican position was outlined in detail earlier this week by Sen. Robert A. Taft. If President Truman issues a

sharp statement blasting the Republicans for alleged failure to deal with inflation and housing, Dewey may make a public rejoinder.

He might, however, hold off until a September speech, in which he intends to charge that the President first unleashed the chain of economic events which sent prices skyward.

Dewey plans to return to the farm for the week end, but he will be back in Albany Monday morning for conferences with Gov. Earl Warren, Republican vice presidential candidate.

PRISON DRESSED-UP
ALTOONA, Pa. — Prisoners at
the Blair County Prison have given
the Hollidaysburg Jail the "new

look." Under the supervision of
Warden John E. Harvey, the pris-
oners worked three weeks redeco-
rating the prison. Cell block walls

were painted a brighter buff and
celling were painted white. Each
cell was given a coat of gray paint.
All of this happened after repre-

sentatives of the Bureau of Correc-

had given the jail a rating of "ex-

Truman Prepares For His Campaign

May Open Drive With Speech At
Detroit, Mich., On Labor
Day

By ROBERT G. NIXON
(U. S. A. Staff Correspondent)

WASHINGTON, Aug. 12.—President Truman is expected to "kick-off" his campaign for re-election with an address before a joint labor rally in Detroit on Labor Day. The chief executive, according to present plans, would fly to Detroit for his initial major campaign speech, returning to Washington before beginning the first of three lengthy speech-making tours throughout the country.

Mr. Truman has not yet formally accepted an invitation to speak there but is being strongly urged to by Democratic National Chairman J. Howard McGrath.

The president's campaign opener would be an emphatically worded speech assailing the Republican-majority 80th congress for failure to approve legislation favoring labor and the working man in general, plus an attack on GOP policies which the president has described as favoring "special interests against the people."

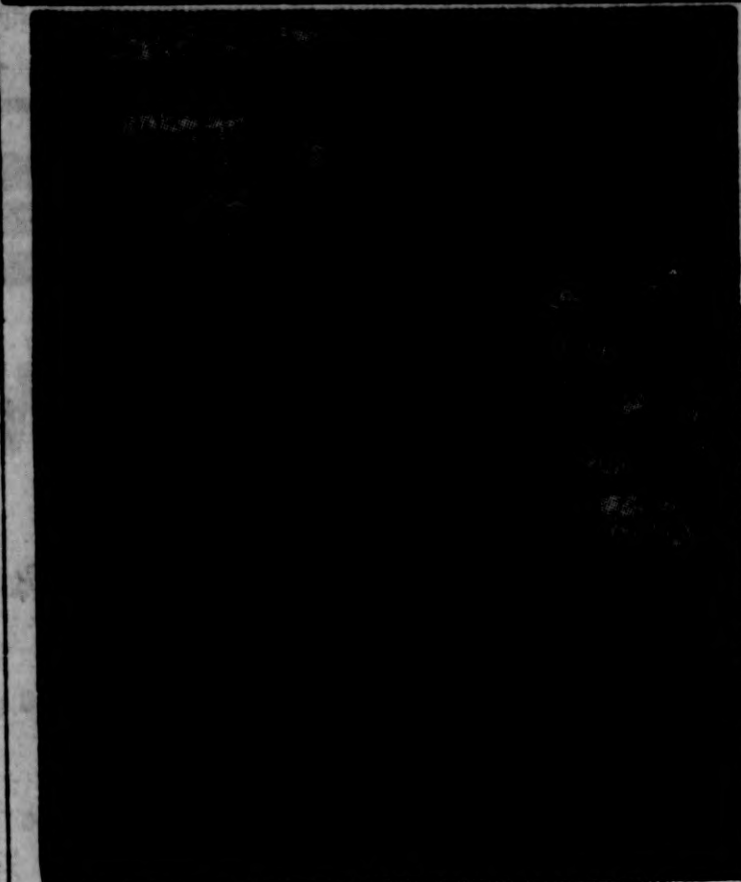

Presidential advisers formulating proposals for Mr. Truman's campaign said today the president is considering a non-stop campaign from Labor Day lasting through election night in early November. The longest trip contemplated would take the president by train from the Atlantic to the Pacific coast and return. Another campaign swing is contemplated through the populous east and New England. Still another would take him through the south and into the southwest.

Phingrove Youth Council To Meet

Phingrove Youth Council will meet in the Harlanburg Presbyterian church Sunday evening, August 15, at 8 o'clock. Devotions will be in charge of the Phingrove U. P. church.

The speaker for the evening will be Dr. W. J. Harper McKnight, dean of Bible and Westminster college pastor, who will speak on the subject, "The Sun of Christian Living."

The Man Who Brought Others ANDREW BRINGS MEN TO JESUS

St. Andrew.

"Go to thy brethren unto thy friends, and tell them how great things the Lord hath done for thee."—Mark 6:19.

By NEWMAN CAMPBELL
Another humble, but good, industrious, honest and useful man is brought to our attention in the lesson. He was Andrew, one of Christ's first followers.

Andrew brought his own brother, Simon Peter, to Jesus, telling Peter that he, Andrew, had found the Messiah. It came about in this way: John the Baptist was preaching the coming of Christ, and one of John's disciples was this same Andrew. He and a companion were near when John the Baptist pointed to Jesus who was walking nearby and said "Behold the Lamb of God!"

Hearing this the two men followed Jesus, and when He asked them what they wanted, they asked Him where He lived and went with Him to His abode. After talking with Jesus for some hours, Andrew sought out his brother, Simon Peter, and said, "We have found the Messiah," and he brought Simon to Jesus.

Jesus looked at Peter, saying, "Thou art Simon, the son of Jona, thou shalt be called Cephas, which is a stone."

This was Andrew's role in life. He never put himself forward; he was content to work for Christ, to bring others to His notice. He was the first missionary. His first thought on discovering his Master was to tell his brother—someone near to him—and to have him share his joy.

Missionaries have for years been sent to far-off countries to spread the gospel. They do wonderful work, aiding their converts to a better way of life physically, as well as spiritually, and caring for them in sickness of body as well as of mind.

About a year later, after Andrew brought Peter to Jesus, the Mes-

siah was walking by the Sea of Galilee, and again saw the two brothers, Peter and Andrew. The two men were casting their fishing nets into the sea, and Jesus said to them, "Follow Me, and I will make you fishers of men." And they straightway left their nets and followed Him.

Mark tells us of the time Jesus chose His apostles and gave them power to perform miracles. Simon Peter was the first mentioned, then James, next John, and fourth Andrew. John really tells us more about Andrew than any of the other scriptural writers. Andrew himself never wrote about his experiences. He let others do the work that most impressed the world.

John tells us of another incident in Andrew's life. It seems there were some Greeks (Galilee was full of Greeks) who embraced the Jewish faith and came up to Jerusalem to worship at the Jewish feast. They had heard of Jesus and came to Philip, one of the twelve, and a Galilean, and said, "Sir, we would see Jesus."

Philip seems not to have known just what to do, so he spoke to Andrew, and it was Andrew who went to Jesus.

Another episode was that of the miracle of feeding several thousand people with five barley loaves and two small fishes. Andrew did not perform the miracle, of course, but he was the man to notice the boy who had the food and he called Jesus' attention to the lad.

Andrew seemed always keen to see things that needed to be done—and to do them or see that they were done. They were not necessarily big tasks in themselves, but often they led to something important, as in this last case.

Andrew never was jealous of others who were put before him. His brother Peter was the leader, and Andrew willingly and cheerfully conceded that place to him with no thought for himself.

He was the same task that Jesus gave to the man possessed of a devil, which the Lord cast out. Mark tells us that Jesus said to him, "Go home to thy friends, and tell them how great things the Lord hath done for thee, and hath had compassion on thee." That was Andrew's mission in life.

That is also the mission of each one of us, individually, and of our great country in these troubled times. If we forget ourselves and remember how blessed we are and try to show everyone with whom we come in contact—here and abroad in foreign lands—that we are not self-seeking, but desirous of bringing the understanding and freedom—which we enjoy—to them, surely we will help to bring about that peace for which we all pray.

**Medical Board At
Sharon Resigns**

SHARON, Aug. 11.—The medical board of Buhl hospital has resigned as a body due to the refusal of the hospital directors to permit three other members of the staff to do major surgical operations at the institution.

The board had been appointed a year ago by the directors to speak

for the medical staff and to commit the staff to definite responsibilities for professional services at the hospital.

The hospital maintains that the younger physicians have not met the requirements of the American Board of Surgery which requires five years of exclusive training in surgery.

Will Tighten Loyalty Check

Report Will Urge Stronger
Loyalty Check On Gov-
ernment Employees

WASHINGTON, Aug. 12.—(INS)—The staff of the Ferguson senate investigating committee is preparing a report strongly urging a tightening of the loyalty check on government employees.

It was revealed today by a responsible committee source, who said the report will be made public within two weeks.

He said the report will be based largely on the committee's recent hearings on Elizabeth T. Bentley, admitted communist spy, and her charges against William W. Remington and other present and former government employees.

Bentley charged in testimony before the senate committee that Remington, now on leave from the commerce department, gave her secret information—and communist party dues—during the war. Remington denied her charges and declared he was not a communist.

The committee source predicted that the report will call for a change in the present loyalty check system, which applies the same standards to low level jobs as to "sensitive" positions in which the jobholder has access to confidential data.

He said the committee probably will recommend new, stringent loyalty standards for "sensitive" jobs, while retaining the present standards for the ordinary jobholder.

He added that the committee also is considering a recommendation that jobholders with access to confidential information be suspended as soon as an FBI loyalty check on them is ordered.

Seeking Clues To
Missing Contractor

PITTSBURGH, Aug. 12.—(INS)—Mrs. Raymond L. Reynolds, 20-year-old wife of the son of Ray-

mond E. Reynolds, wanted for questioning in connection with an alleged \$200,000 "dream home" swindle, today joined the search for her missing father-in-law.

County Detective Chief Charles S. Johnston said that Mrs. Reynolds volunteered to go to Painesville, O., home of the elder Reynolds father, to gather background material that might give a clue to the missing contractor's whereabouts.

She left Tuesday with County Detective William Haushalter and Miss Vera Goldstein, the district attorney's secretary.

The younger Reynolds, 24, was apprehended last week after he and his father disappeared as an investigation of the contracting firm, of which both were said to be officers, was about to begin. He is being held in Allegheny county jail in lieu of \$20,000 bail.

It's Procter & Gamble's postwar WASHDAY WONDER

IT'S TIDE

...you've never used anything like it!

TIDE is a true washday miracle, made possible through wartime research. Tide's here to do your whole family wash! And listen, lady—Tide gets clothes cleaner than any soap in the world! Tide also leaves colors brighter than any soap. And as for your white things—no soap in the world will get them whiter than Tide! You'll know you're using a completely NEW product the minute you see amazing Tide's ends. They look different, feel different... and they blow up thick and fast even in hardest water.

NO SOAP WILL GIVE YOU ALL THIS:

The CLEANEST, BRIGHTEST, WHITEST wash you ever hung on the line!

CLEANER than any soap!

Yes, with Tide the whole family wash comes cleaner—even children's grimy play clothes and men's heavily soiled work clothes. That's because Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well!

BRIGHTER than any soap!

Of course Tide gets your gay colored things brighter! Tide washes away the very soap film that may have dulled them... lets the true color show clear and bright! Does it safely, too! Tide is safe for all your washable colors.

The world's WHITEST wash!

You'll know a miracle's waiting for you... when you see your first Tide-washed sheets and pillowcases! No soap made will get them more gleaming white! And Tide keeps them that way, week after week... they turn them yellow.

GIVES MORE SUDS—

prove it in your kitchen!

Kind-to-hands suds! Faster suds! Longer-lasting suds than any soap in hardest water. Tide cuts grease like magic... washes dishes cleaner than any soap! No suds in the water! No greasy ring round the pan! No cloudy film! Dishes and glassware rinse and dry sparkling clear—even without wiping!

TIDE'S IN—DIRT'S OUT!

TIDE WORKS EXTRA MIRACLES IN HARD WATER! OCEANS OF SUDS! NO WATER SOFTENERS NEEDED!

Recruiting Areas In State Combined

According to information released today by Lt. General Leonard T. Gerow, commanding general of the Second Army, the eastern and western Pennsylvania recruiting districts have been combined to form one organization for the entire state of Pennsylvania.

The merger was made in order to have a more effective correlation between Selective Service and the recruiting organization. Since all applicants, voluntary and otherwise, for the army will be examined by the recruiting service, the new organization should prove, by far, the most effective. The headquarters for the new recruiting set up will be 13 South 13th street in Philadelphia with Major John M. Wilson in command.

"Every effort will continue to be made by the recruiting service in its quest for volunteers," Major

Wilson said, "with Selective Service acting as a guarantee." The new organization is a break for 18 year olds who will want to volunteer for the one year enlistment, because a realignment of quotas has been made in conjunction with the move in favor of the one year

volunteer in the Pittsburgh area. Lt. Colonel Albert C. Moline of the Pittsburgh District will move on to Ohio to aid in a similar reorganization of the recruiting service there.

U.S. Policy Is Crystal Clear

WASHINGTON, Aug. 12.—(INS)—American policy in the tug-of-war with Russia stands crystal clear today: the U. S. government will enter into no agreement with the Kremlin merely for agreement's sake.

Secretary of State Marshall personally laid down this bar to appeasement of the Communist drive for world domination.

Marshall made his utterance in connection with the East-West conference in Belgrade on Danube river navigation. But his associates point out that it applies equally to the Berlin blockade, control of the Ruhr, Germany's future economy, and Pacific area issues now centering in Korea and Japan.

The secretary and his aides steadfastly refused to discuss the Big Four negotiations currently in progress in Moscow over the Berlin blockade and the possibility of a Council of Foreign Ministers meetings on the whole German problem.

Housing Situation Is Easing Somewhat

HARRISBURG, Aug. 12.—(INS)—The Pennsylvania Real Estate Association today claimed that the housing shortage has been ended in "many" Pennsylvania cities during the past year.

President Henry W. Mathieu, of

Norristown, said a survey of new construction showed that one-fourth of the nation's cities, "including many in Pennsylvania," have reached a normal supply of single family dwellings.

The survey disclosed that "a number of additional cities" will solve their housing problems by the end of 1949, Mathieu said. Thirteen per cent of cities covered in the survey have "achieved a normal balance between supply and demand," he added.

Plan Building Of Passenger Ships

NEW YORK, Aug. 12.—(INS)—American Export Lines went ahead with plans today for the construction of two new passenger vessels which will be the largest and fastest in the American merchant fleet.

John E. Slater, executive vice president, said the ships will cost \$23,415,000 each and will be constructed under an agreement with the U. S. maritime commission.

The ships will operate between New York, Genoa and Naples. They will make 15 round trips a year.

Slater said the ships will be built by the Bethlehem Shipbuilding company's Fore river yard in Quincy, Mass.

Each ship will accommodate 972 passengers in three classes and will reflect the latest in modern design and comfort.

Hiroshima Mayor Asks Pittsburgh Mayor For Help

PITTSBURGH, Aug. 12.—(INS)—Mayor David L. Lawrence of Pittsburgh today had an appeal from the mayor of Hiroshima for aid in helping rebuild the atom-bombed city.

Mayor Shinzo Hamai, of Hiroshima, Japan, asked that Mayor Lawrence send him particulars on Pittsburgh's growth, including an outline of the city's planning and government, and photographs and descriptions of cultural institutions.

The Japanese official also asked for samples of Pittsburgh newspapers. He wrote:

"We who have actually experienced the catastrophe fully appreciate the significance of war and

its consequences. We realize that future atomic warfare will mean annihilation of mankind."

Mayor Hamai said that Hiroshima and its 250,000 people are appealing to Pittsburgh and the rest of the world for guidance to rebuild the city into a symbol of culture and peace.

TO BE PAID IN SCRIP ALIQUIPPA, Pa., Aug. 12.—(INS)—Some 53 teachers of nearby Hopewell township learned today that they will be paid in "scrip" for part of last year's work.

Flat broke, the school board decided to pay the teachers with IOU's redeemable Nov. 1, when taxes and the district's state appropriation will be received.

Each teacher will get about \$300 in "scrip" which Hopewell merchants are urged to accept.

Domestic heating in the United States uses about one in every five tons of coal mined in the country.

Communist Member Under Restriction

NEW YORK, Aug. 12.—(INS)—Gas Hall, one of the indicted 12 members of the Communist na-

tional board, has been refused permission to travel at will by New York's federal court.

Federal Judge Samuel Kaufman rejected an affidavit last night submitted by Hall's attorney asking that the Communist party official be permitted to be free to go

where he pleased and "carry on normal activities."

In rejecting the affidavit Judge Kaufman said:

"What you are asking the court to do is license the activities of this defendant so he may engage in the very activities the government complains about."

BOSTON — Gloriosa automobile headlights are to be seen on highways everywhere soon, according to a Cambridge scientist.

Dr. Edin H. Land says use of a new polarizer can do it. Containing only carbon and hydrogen, the new polarizer, "polarizes out" the glare.

WATCH THE 'BARE'

ATLANTIC CITY, N. J., Aug. 12.—(INS)—Babe Didrikson Zaharias will be the one they'll watch today when the 72-hole medal play begins for the 1948 Women's National Open golf championship.

Mrs. Zaharias, who last week won the Tam O'Shanter and unofficial "world's" championship at Chicago, is favored to win the open from a stellar field of 50 professional and amateur women golfers.

The tournament, being played on the 75-par Atlantic City Country club—the first time the open has been staged in the east—will be concluded Sunday.

Seven ballplayers have totalled more than 3,000 hits in modern big league baseball, Paul Waner being the latest.

STEELERS POINT

FOR BEAR GAME

CAMBRIDGE SPRINGS, Pa., Aug. 12.—(INS)—With their first exhibition football game against the Chicago Bears only ten days away, the Pittsburgh Steelers were wasting no time getting down to brass tacks today.

Although its only an exhibition game, the Pittsburgh club would like to atone for the seven touch-down beating the "Monsters of the Midway" administered in Chicago last fall.

In 1937 the New York Yankees defeated the New York Giants in a "subway series" in five games.

OPPORTUNITY WEEK

Special!

Don't miss this opportunity to try the first daytime hormone skin care.

BONNE BELL PLUS 30 LOTION

Just try this rich, creamy lotion that supplies the skin in the daytime with a supply of fine estrogenic hormones to coax back its freshness, succulence, "young" dewy look. Every woman over 30 needs it—many sooner as the supply of natural estrogens recedes from the skin. If you don't yet require it, it will have only the smoothing, emollient effects of a lovely beauty lotion. If you do—you may see results in as little as 14 days. (Especially if you keep the hormones on 24 hour duty by using Plus 30 Cream at night). Gives a softer, luminous effect under make-up, including cake-type. Wonderful effects on neck, arms, hands, elbows. Another "natural!"
